Resorts

The Broadmoor—built of stone, steel and concrete—naturally fire-proof.

Here is a Resort Magnificent with a Season Limitless

A wide range of pleasures unlimited by season—this is The Broadmoor's sunshine promise, and one fulfilled to the limit.

High in its pure, invigorating, energizing atmosphere rise Colorado's mighty and majestic Rockies, tapestried with variegated color and made interesting with innumerable trails and canyons. The Broadmoor estate covers 2000 acres of scenically beautiful mountain park.

Riding horses are at your command in Broadmoor's large and well-stocked stables—motors from its spacious fireproof garage, tennis on its many courts. You may motor over the plains and amazing mountain roads, hike through its forest trails, dine al fresco and golf on its fine links for almost the full twelve months of every year.

The fitting equipment throughout and the unmatched service at The Broadmoor will be found particularly notable—even by travelers to whom the great European resorts have heretofore been a standard—and those who delight in the perfection of Italian architecture will find Broadmoor's lines of stone, steel and concrete particularly pleasing.

DANIELS LAUDS CAMP AT BREST.

Troops Well Cared for and Cheerful, He Says.

Twelve Kitchens Ample Feed Soldiers in Camp.

Secretary of Navy Has Meal with Marine Mess.

(BY CABLE AND ASSOCIATED PRESS.)

BREST, Monday, March 24.—Secretary of the Navy, Daniels, after his investigation of camp conditions at Brest, gave the Associated Press the following statement:

"I have spent a portion of the two rainy days in the camp at Pontenness and it rains 330 days out of the year here. I have seen more than 50,000 American troops encamped here waiting for embarkation home and have conferred with scores of officers and many men just from the front.

"This morning I walked for miles on a solid board walk from tent to tent in which the marines are quartered and saw the excellent barracks where the soldiers sleep. I visited the modern kitchens and dining-rooms and saw how the food of the marines was prepared in one of the twelve kitchens. This number is fed in forty minutes and just as many are fed in the eleven other kitchens.

"I ate upon the beds of the soldiers and ate my mid-day meal with them. The meal was well cooked, palatable and plentiful.

"The biggest of Pontenness camp is hard to understand until you see the tents and barrack-covered city. Speaking of tents, I went into a score of them. Not a drop of water can fall into any of them. The tents are well drained and each one has a stove and is warm and comfortable.

"As an illustration of the magnitude of the camp's operations, as many as 5000 soldiers are received some days and as many as 17,000 are embarked in a single day. Twelve thousand will embark on Wednesday on the Leythian alone.

"The outstanding impression I

BENEVOLENT SOCIETY

IS HARD HIT BY FLU.

(BY A. P. NIGHT WIRE.)

CHICAGO, March 25.—A convention to save the Modern Woodmen of America from bankruptcy met here today. A. R. Tibbot, head consul, described the situation as critical. In October, 1918, he said, the society had a general fund of \$10,000,000 in securities. This has dwindled to \$640,000 owing to the ravages of influenza and pneumonia, he explained. War claims also figured.

During the war the society by a special assessment raised a fund of \$6,000,000 out of which all war claims were met and there remains in this fund \$2,000,000 the speaker stated. The war claims, he said, were as nothing compared to those due to influenza and pneumonia.

Thrift Stamp Directors to Meet.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, March 25.—A conference of Northern California county Thrift Stamp directors will be held here next Thursday. It was announced here tonight. The appointment of three new county directors and the counties they will represent also was announced. They are Leopold Gundelinger, Fresno; Judge Ernest Weyand, Colusa; Postmaster A. E. Daneri, Merced.

NORTHLIFE RECOVERING.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, March 25.—There have been many rumors lately regarding the health of Viscount Northcliffe, the newspaper owner, and former head of the British mission to the United States. A bulletin issued by his physicians at Mentone, France, says he went there two months ago suffering from protracted bronchitis and laryngeal catarrh, resulting from an attack of influenza last year. He has made rapid progress as the result of the more favorable climatic conditions and rest. The statement says that it is essential that he not return to England at present.

Secretary Daniels was accompanied by his staff and Capt. Panard of the French Ministry of Marine, who met him at the station here. Admiral Benson and his staff, with representatives of the French Ministry of Marine, greeted the Secretary at the station here.

WAR CASUALTY LIST IS NEARING ITS END.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 25.—The last of the real American casualty lists in the world war are now being published in the daily newspapers and within the next few days the lists will contain practically only the names of those who have died of wounds. The names of the given as killed in action are those of men for whom no further information had been necessary to establish proof of death. They are mostly the names of those who were injured beyond recognition when they gave their lives for their country.

Daily casualty lists will continue to be issued, however, indefinitely, because as long as the expeditionary forces remaining in Europe there will be deaths from disease. The next of kin will continue to receive the names of their loved ones from the War Department.

GOVERNMENT TO SELL CAMPS AT AUCTION.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 25.—Army camps to be abandoned by the War Department, including buildings, railroad tracks, sewage systems and other facilities, are to be sold to the highest bidders and April 15 has been fixed as the date for receiving bids. The plan is to sell entire camps for lump sums.

In some cases State governments are expected to bid for the camps for use as National Guard training centers. Such bids will be given preference. The camps to be sold on April 15 include Camps Bowie and Logan in Texas.

In each case the buildings are offered as they stand, with all fixtures in place, with the electric, water, sewer and sewage disposal systems and all government-owned railroad cuttings and bridges.

WIGHT CHANGE IN UNEMPLOYED

Improvement in Number, but Area the Same.

Cities Show Net Shortage of Labor.

Detroit and Buffalo Have Most Idle.

REPORTS DISCLOSE UNEMPLOYMENT THROUGHOUT

WASHINGTON, March 25.—Reports received by the United States employment service for the week ending March 22, indicate a slight improvement in the number of unemployed throughout the country, but a net shortage of labor still exists in most areas.

Reports from 123 cities show a surplus of 25,400 as follows: Detroit, 22,800; Grand Rapids, 600; Portland, 1,000; St. Paul, 1,000; Youngstown, 1,000.

While considerable surplus is known to exist in Illinois, particularly in Chicago, Joliet and Peoria, no estimate as to the number is made. Rock Island and Springfield report an equality of labor, supply and demand.

The following surpluses are from Wisconsin: Milwaukee, 16,700; Superior, 1,000; Wausau, 1,000. Superior shows same conditions as preceding week, reporting 175 surplus.

INFANT FOUND DEAD BY WOMAN AT PERRIS.

ARRESTS LIKELY TO FOLLOW, IS STATEMENT OF RIVERSIDE OFFICERS.

RIVERSIDE, March 25.—Arrests for manslaughter may follow the verdict found by a coroner's jury this afternoon concerning the death of an infant found in an eucalyptus grove at Perris yesterday morning, according to statements made here by Sheriff Wilson and Deputy District Attorney Morton.

The little town is agog with excitement and horror over the gruesome find, which was made by Mrs. Mary Arnold, a well-known Perris resident. Mrs. Arnold, in her testimony, said she was awakened early Saturday morning by the cries of an infant, and she and her daughter got up to investigate. Observing a light in a near-by residence, they dismissed the matter from their minds.

In looking after her chickens Monday morning, Mrs. Arnold stumbled upon the nude body of the child, which had perished from exposure. This was the cause of death assigned by the jury.

NETHERLANDS FAVORS LEAGUE OF NATIONS.

AMSTERDAM, March 25.—Foreign Minister Jonkheer Korneel van der Meulen today made the following statement concerning the League of Nations: "The Netherlands government has received an invitation to attend the Peace Conference which is discussing the League of Nations. Dr. Loder, a member of the High Court of Appeals, and Prof. W. J. M. Van Eysinga of Leyden University have been sent to Paris in order to co-operate with Dr. John Loder and explain the views of their government in this matter."

"I hold the opinion that the present draft for a League of Nations really deserves attention as a fair introductory step to a period in the relations between nations."

"However, I am one of those who think the equality of the rights of nations one of the important means for increasing the confidence of the smaller powers in a League of Nations, and I feel that in this direction the plan does not give entire satisfaction."

"At the same time it might be considered the duty of The Netherlands, backed by their tradition of preserving the work of international understanding and international law, to salute the coming of the League of Nations generally with great satisfaction and without too much criticism."

CHEERS, TEARS FOR CRUSADERS.

Millions Laugh and Weep as New York Veterans Pass.

NEW YORK, March 25.—Victorious veterans, heroes of Flanders fields, who on the morning of the 27th, 1918, came back to Fifth Avenue today for their triumphal review. To the thousands who offered all they had to give on Liberty's behalf, the millions who stayed behind poured out the full measure of their pride. The National Guardsmen of yesterday and the civilians of tomorrow symbolized today the martial ideals of a red-blooded race. The multitude which alternately laughed and wept, cheered or stood silent as the procession passed, knew that a grateful people never paid tribute to braver men or to crusaders more chivalrous than these citizens soldiers who looked death in the face and smiled as they went "over the top" to smash the Hindenburg line—that barrier against which Europe's sturdiest troops had swept in vain.

There was no shadow on the hearts of the stalwart marching men of the memory of the 2000 comrades they left sleeping "where poppies bloom."

STATE RAILROAD BILL ADVANCED ON ITS WAY.

DENVER, March 25.—Passage on second reading of the bill providing for State ownership of interstate railroads was effected in the House of Representatives late today after one of the bitterest fights of the session, in which members from the southern section of the State tried every parliamentary method for defeat of the measure.

MORE TIME GIVEN BERGER. CHICAGO, March 25.—Twenty days' additional time in which to file a bill of exceptions in the case of Victor L. Berger and four other Socialists convicted of violating the espionage law was granted today by Federal Judge Landis. The five men were sentenced to twenty years each in the Federal penitentiary at Leavenworth.

SWITZERLAND FIRST TO GREET HUN STATE.

President Ador of Associated Presses Has Replied Cordially to a Letter from President Ebert.

COPIENHAGEN, March 25.—President Ador of Associated Presses has replied cordially to a letter from President Ebert announcing his accession to the office of President of Switzerland. The dispatch adds, "It is thus the first foreign state to formally 'acknowledge' the new German government."

DESPISED FOODS AGAIN FAVORED

Correcting Stomach Faults With Stuart's Dyspepsia Tablets Has Revived the Doughnut, Pie and Other Good Homemade American Dishes.

The shortage of help has taken thousands of women back to their own kitchens to do their own cooking. And how natural they should revive the cookie, doughnut, pie and other distinctly American dishes. But the recipes have been revised; flour is coarser and different; less wheat and more of other kinds, and a lot of indignation was complained of.

It is gratifying to know you can safely eat any kind of food without consequent distress. Simply take a Stuart's Dyspepsia Tablet after meals. Not only does it aid digestion, but it arouses the stomach to secrete the juices necessary to relieve the sourness, heartburn, gas, the sense of stuffiness and the drowsiness that so often follows the good things you eat.

Try these tablets and you will then realize what business they have, not only to assist digestion, but as contributing in a remarkable degree to the sense of comfort and well-being. Stuart's Dyspepsia Tablets are sold in all drug stores at 50 cents a box, and throughout the United States and Canada.

WILL USE AIRPLANES IN GUARDING FORESTS.

WASHINGTON, March 25.—Los Angeles forest reserves and other national forests in California and perhaps, later on, all the forests in the United States will hereafter be guarded from fire by airplanes and flyers of the army. War Department officials have been considering a request from the forestry service of the Department of Agriculture to detail certain flyers of March Field, Riverside, Rockwell Field, San Diego, and Arcadia Balloon School near Los Angeles, to watch over the great wooded tracts known as the forest reserves or national forests. If the experiment is as successful as it is anticipated that it will be, the service will be extended to every forest in the country.

The plan proposed is to have the army flyers sworn in as forest rangers and be paid so much for their observation work. This sum will help to defray the expenses of the forest service and will keep the men in active service and prepared to immediately turn to military duties in an emergency. By wireless, telephone and telegraph they can report any incident fire at its very start and the old-time destructive forest fire will be a thing of the past.

MIDDLE WEST NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)

KANSAS CITY, March 25.—Judge John H. Jones was in Jefferson City today consulting with the State Public Service Commission relative to a bond issue of probably \$5,000,000 for a new power plant for the Kansas City Light and Power Company.

The local chapter of the American Red Cross was notified by wire today that a complete army hospital train on its way to California would reach Kansas City, Wednesday afternoon.

An exposition building site will be selected tonight by a committee representing the Seventh Regiment and each of the five big annual shows. Apparently the committee has narrowed down to two sites, Gilman road at Twenty-third and Broadway at Twenty-fourth.

A Topeka news dispatch shows that Kansas Eastern bank deposits have increased \$17,000,000 last year and \$11,000,000 in three months.

(EXCLUSIVE DISPATCH.)

DETROIT, March 25.—Duncan McNab, 3-year-old son of Duncan McNab and Miss Anna Koeppke, 19-year-old nurse maid, were drowned in Detroit river, off Owen Park dock today. The boy was 3 years old and the girl was 19 years old.

Three small boys died today from being struck by automobiles. They were Samuel Esenberger, 7; Edward Banister, 4; Harry Westenberg, 11.

Mayor Cousins has received anonymous letters asking him to quit or stop automobile slaughter on city streets.

(EXCLUSIVE DISPATCH.)

CLEVELAND, March 25.—Thrift of \$5000 worth of Liberty Bonds from the office of the Cleveland Trust Company became known today when circulars furnishing serial numbers of the bonds were distributed in financial circles.

A hearing will be held in common pleas court tomorrow in the suit of George A. Henderson, colored chauffeur, against Joseph Grossman, manager of the Strand Theater. Henderson asks \$15,000 for the alleged alienation of his wife's affections by Grossman. Grossman declares Henderson has used the wrong man and that no settlement is to be made by him.

The One Hundred and Thirty-fifth Field Artillery will be the first unit of the Thirty-seventh Division to reach Cleveland, according to a decision from New York today. This unit, which contains some of Cleveland boys, will arrive Monday and parade the city streets.

(EXCLUSIVE DISPATCH.)

ST. LOUIS, March 25.—Sult for \$25,000 was filed in Circuit Court today by William R. Faribault against the heirs of John B. C. Lucas, who died in September, 1903, leaving \$750,000. The amount sued for, Faribault alleges, represents his compensation for managing the property for the heirs of the late John B. C. Lucas.

The Monarch laundry, a two-story fire, the damage is said to exceed \$100,000.

Brice Cameron, transportation superintendent of the United Railways Company, charged with burglary and larceny in connection with the alleged theft of United Railways settlement ordinance referendum petition and evidence in Judge Calhoun's court in support of his motion for a change of venue.

(EXCLUSIVE DISPATCH.)

OMAHA, March 25.—Paul S. McAuliffe has resigned as head of the State School for Girls. His resignation was the outgrowth of an investigation by the Legislature.

What I disclosed, girls in night clothing were whipped with leather straps.

Soldier Charles Knudson, who shot and killed a woman, was suspended today.

Captain Albert Wedemeyer, for many years bandmaster at Fort Omaha, retired today.

Maude Keady, haberdasher, went on trial today as an alleged higher-up in automobile thefts.

The State Railway Commission ordered the street car company to stop to abrogate the skip stop system.

Tom Redmond, 18 years old, son of Thomas Redmond, manager of Burgess Nash, died today of pneumonia.

(EXCLUSIVE DISPATCH.)

INDIANAPOLIS, March 25.—Steps toward the formation of a great farmers' organization to be composed of affiliated organizations in every county in Indiana, were taken at a convention of representatives of fifty county organizations here today. The convention was attended by more than 500 delegates.

Stanley Wyckoff, former Federal Food Administrator for Marion county, announced that he would organize a \$1,000,000 company for the establishment and operation of a responsible retail market in Indianapolis if the city does not see its way clear to establish and operate such a market.

Mr. Wyckoff, who recommended its establishment in a letter to Mayor Charles W. West, said that such a market, handling foodstuffs direct from producers to the retailers would reduce the price of foodstuffs from ten to twenty-five per cent. here.

Ira Kidwell of Muncie, who is running out his 40th year, took a job as special policeman at the State house today. He voted for Lincoln in 1860.

(EXCLUSIVE DISPATCH.)

DES MOINES, March 25.—It was Gov. Harding's in the legislative probe of the Rathbun pardon case today. Thad Snell, Ida Grove attorney, testified that he was Gov. Harding by accident in Chicago the night before the pardon was granted and that their conversation was about politics and war and had no relation to Rathbun. George Clark who represents Rathbun, denied that he ever said that \$5000 paid to him was to be paid to the Governor. He testified that \$1250 in a check which he gave Snell, was in payment of a poker debt.

The police lost the trail late today of two men who walked into the Iowa State bank here early today, chased three employees into a laundry and escaped with \$20,000. The men were traced to Ames, thence to Boone where they bought two boxes of .44 calibre cartridges.

A case of sleeping sickness was discovered at Centerville, another case of sleeping sickness being found at Moravia and one at Exline.

Senator Kevin McCarthy, capturing Indiana, thence to Russia.

Raleigh Gould, 40, Muscatine, was burned to death.

RAIL REDUCTION NOT QUITE SATISFACTORY.

(EXCLUSIVE DISPATCH.)

PACIFIC COAST SHIPPERS SAY DIFFERENTIAL FAVORS ATLANTIC SHIPPERS.

(BY A. P. DAY WIRE.)

SAN FRANCISCO, March 25.—Commodity rate reductions on machinery, steel and iron ordered yesterday by the Federal Railroad Administration, while encouraging, are not entirely satisfactory to Pacific Coast shippers, as a differential still exists in favor of Atlantic points which must be wiped out if Pacific shipping is not to be seriously affected, prominent shipping men said here today.

Meeting to take action in the situation, which was planned before the rate announcement, will take place tomorrow as scheduled, and a demand will be framed for lower rates, it was announced.

Transcontinental rates on steel from Pittsburgh have been reduced from \$17 to \$12 a ton and on railroads from the Chicago district, from \$17 to \$10 a ton, officials of the Anglo-American Steamship Company here said today.

A differential of \$7.75 still exists in the all-water route from New York to the Orient by way of San Francisco and other points.

While this differential will not stop shippers from shipping through Pacific Coast ports, the added business will not justify any change in the plans of big Pacific shipping firms to transfer their interests elsewhere, it was announced.

The ports affected are Los Angeles, San Francisco, Portland, Tacoma and Seattle.

(EXCLUSIVE DISPATCH.)

COMPLAINT IS DISMISSED. WASHINGTON, March 25.—Complaint of the National Wholesale Potato Dealers' Association against withdrawal by southern railroads of the allowance for free transportation of material in installing an extra deck in cars in connection with the shipment of potatoes and onions was dismissed today by the Interstate Commerce Commission.

(BY A. P. DAY WIRE.)

DES MOINES, March 25.—George Clark, an Ida Grove attorney, testified at the Iowa House Judiciary Committee's investigation of the Rathbun pardon case today that he received \$5000 from William Rathbun for obtaining the pardon for his son, Ernest.

Clark was asked about what he was to do with the money.

The senior Rathbun, a two-story fire, the damage is said to exceed \$100,000.

Brice Cameron, transportation superintendent of the United Railways Company, charged with burglary and larceny in connection with the alleged theft of United Railways settlement ordinance referendum petition and evidence in Judge Calhoun's court in support of his motion for a change of venue.

PERMITS LAND LEASE BILL TO BECOME LAW.

(EXCLUSIVE DISPATCH.)

ARIZONA GOVERNOR DISPOSES OF ALL BILLS ENACTED BY LEGISLATURE.

(BY A. P. DAY WIRE.)

PHOENIX (Ariz.) March 25.—Gov. Campbell, this afternoon laid cleared away the last of the debris from the Fourth Legislature. He vetoed one bill, partly vetoed the appropriation bill, signed four of the twenty-seven measures on hand and sent twenty-one of them over to the Secretary of State to become laws without any action by himself.

Most important of all was the Land Lease Bill, included within the twenty-one not acted upon. This was favored by the Cattle Association and the land department, and allowed the leasing of large tracts of State lands for periods as long as twenty years. It was fought by small homesteaders, but in its accord with constitutional amendments passed at the last election.

The veto of the bill was a giving salary of \$50 to accountants in the several counties. It was considered paternalistic. Two sections only were cut from the appropriation bill, referring to expenses of the Commission of State Institutions and giving \$40,000 to the university under conditions that a similar sum be raised elsewhere. The commission had already been abolished by the Legislature.

The bills transmitted without signature included: Permitting boxing exhibitions; compelling establishment of change rooms in smaller and mills; appropriating \$100,000 to co-operate with the federal government in reclamation surveys; appropriating \$5000 for investigation by a legislative commission of a State smelter and sampling process plant; a water code; an amendment to the irrigation law; two county salaries bills; a new department code, favored by the State Bar Association; a bill making the fraud and impersonating statute more severe; regulating safety devices on autos; including assessors in the plan of registering automobiles; a resolution in favor of the League of Nations; organization of electric power districts; new fish and game regulations; giving the land department authority to develop water in dry farming districts.

The bills signed were: Regulating the investment of saving and loan association funds; forbidding State officials or commissions to exceed their appropriations; appropriation to sink an artesian well in the San Simon Valley; construction allowance for a power line to the State prison at Florence.

The Governor tomorrow sent to the Senate the first meeting of new Board of University Regents, and then goes to Yuma to the meeting of the State Federation of Women's Clubs.

(EXCLUSIVE DISPATCH.)

ATLANTA, March 25.—The Georgia House of Representatives today passed a bill to amend the Georgia Constitution to provide for a power line to the State prison at Florence.

COAST TROOPS RETURNED HOME

California, Oregon and Texas
Men are Landed.

Sacramento Sergeant Back
with Hero Medals.

Transport Melrose Reported
in Distress is Safe.

NEW YORK, March 25.—With
1490 troops, all casuals, the steam-
ship Venesia, arrived here today
from Manila. Marines, regular
army and all other branches of the
American Expeditionary Force were
represented. Units included the fol-
lowing: Casual Companies Nos. 1986
and 1991 Texas; 2406, Nebraska;
1981, Oregon.

With 1012 troops, the transport
George Washington arrived from
Brest. Units included a detach-
ment from the Fifty-fifth Service
Company; Signal Corps; and the fol-
lowing: Casual Companies Nos. 713
and 1455, California; 1453, Washing-
ton State, and five officers and 628
men and sixty-one nurses.

Among the 2232 troops arriving
from St. Nazaire on the transport
Susquehanna were 710 sick and
wounded officers and men of which
ninety-nine were bedridden, and
Casual Company 199, Iowa.

On the Venesia was Private Rus-
sell M. Everett of Watertown, N. Y.,
who returned with a French bride
and with a pair of gold cuff links
presented to him by King George at
his Buckingham palace dinner given
to President Wilson and his party
on the night of their departure for
France from England. Everett, a
veteran of the Mexican campaign,
and wearing five stripes for wounds,
is only 26 years old.

After recovering from his wounds
Everett was assigned as an orderly
to Brig-Gen. Hart in Paris, and
shortly afterward Gen. Hart became
President Wilson's military aide in
France.

He was the only enlisted man to
attend the Buckingham palace din-
ner and received from the King a
set of cuff links bearing the royal
monogram and coat of arms.

"President Wilson is the most
democratic man I ever met," de-
clared Everett, "and King George is
next."

SEVERAL DECORATED.
Sergeant Joseph Hubert, Sacra-
mento, returned with the distin-
guished service cross and the Croix
de Guerre, for deeds committed in
defense of his commanding officer.
In the Toul sector German machine
gunners were annoying the sergeant's
company and he told his major he
was going out after the gunners.

"I told the major I was going
over whether he liked it or not," the
sergeant said today, "and he told me
if I did he would have me shot.
So I went over and got over the top
turned around and yelled: 'Shoot and
be damned—we're going over,' and
we got the gunners all right hole to
shell hole until we got the Ger-
mans."

Hubert claimed that he and his
company killed four of the Ger-
mans and captured fourteen others.
Information by wireless to the
Venesia while she was in mid-ocean
indicated that forty submarine
chasers which have been on duty
in European waters now are on their
way to this port. A vessel in dis-
tress reported to the Venesia that
two of the chasers had come to her
aid.

ROOSEVELT ON TRANSPORT.
Capt. Kermit Roosevelt, son of the
former president, his wife and their
two children, Kermit Jr. and Wil-
lard, were among the passengers re-
turning on the transport George
Washington. Capt. Roosevelt served
one year with the British army in
Mesopotamia and Palestine and then
transferred to the American army.
His wife is the daughter of Amba-
sador Willard at Madrid and lived
with her father while Capt. Roose-
velt was in military service overseas.

Thirty-four nurses from the
Episcopal Hospital of Philadelphia
returned on the George Washington
in command of Capt. R. A. Moser
of Washington. Capt. Moser's wife,
Florence Gompers, daughter of Samuel
Gompers, president of the American
Federation of Labor, was one of
the nurses returning on the trans-
port.

The army transport Melrose with
a detachment of the Third Hundred
and Seventy Tank Corps Company
and twenty-four officers and men
from the National reported yester-
day as being in distress because
of a broken rudder, about 800
miles east of Bermuda and advised
by wireless that she was proceed-
ing under a jury rig for Newport
News, assisted by the U.S.S. Case
Lookout.

TROOPS ORDERED HOME.
WASHINGTON, March 25.—Army
organizations were announced today
as assigned to early convey home
from France as follows:
Three Hundred and Fourth
Bakery Company; Four Hundred and
Eighth and Four Hundred and
Eleventh Telegraph battalions; Four
Hundred and Sixty-fifth Ponton
train; army ambulance service
sections Nos. 694, 610, 612, 635, 642,
653, 654, 690, 671, 691, 601, 602, 621,
624, 625, 626, 634, 636, 639, and
644.

KARL IS IN SWITZERLAND.

ZURICH, March 25.—Former Emperor Charles and his family arrived
in Switzerland Monday. They will reside at the chateau of Warlegg at
Staad, near Rorschach, on Lake Constance, which is owned by the Duke
of Parma.

The former Austrian Emperor was accompanied by members of his
immediate suite. The party reached the frontier at 4 o'clock.
The party was met at Buchs, the
first Swiss station, by a Swiss dele-
gation consisting of M. Borsinger,
a secretary of legation representing
the foreign department; Col. Bridler
and several other Swiss officers.

The former Emperor wore a full-
dress uniform with his orders on his
breast. Several British officers ac-
companied the former imperial fam-
ily. After a short rest the train went
on to Staad, the station nearest the
Chateau of Warlegg.

PARIS, March 25.—Vienna news-
papers received here declare that
former Emperor Charles left Aus-
tria without making any renuncia-
tion of the throne for himself or his
family, which had been demanded.
The Reichspost asserts that four
archdukes resident in German Aus-
tria have renounced the throne and
all their privileges, claiming the
rights of only ordinary citizens.

DRIVE REDS ACROSS RIVER.

LONDON, March 25.—Six Bol-
shevik regiments on the northern
Don front have been driven over the
Donets river by the Don Cossacks,
according to an undated dispatch
from Ekaterinodar. The Cossacks
also recaptured Ekaterinowska.

HARBIN, Thursday, March 20.—
Rather than flee as the front
against the Bolsheviks, 2800 Ruman-
ian prisoners of war, who had been
released by the all-Russian govern-
ment at Omsk, have surrendered
their arms and returned to prison,
a dispatch from Irkutsk says.

ARMED YANKS MARCH UP UNDER DEN LINDEN.

BERLIN, March 24.—Marcel
Cachin and Paul Lafont, Social
democratic deputies, declared today
on the government's policy toward
Russia and urged the withdrawal
of French troops from that
country. The government is ex-
pected to reply tomorrow.

But if their sudden appearance in
Berlin is a mistake, it is not a
mistake to point out in the recollec-
tion of Allied aims a year ago that
soldiers of the great army of the
west, which crossed the sea with the
mission of marching down Unter den
Linden, and are indeed the first
armed forces of the Allies to achieve
this international coup.

As the armed American troops—
hardly a platoon—were "march-
ing" up Berlin's main thoroughfare they
were observed with doubtful
sympathy near the German palace and
government towers. German soldiers
manning machine guns in windows
and on roof tops looked on con-
sideration upon the invaders. The in-
vaders themselves looked up point-
blank into the muskets of menacing
guns and smiled—full round Ameri-
can smiles which showed rows of
white teeth.

The American top sergeant, who
walked with the swing of a veteran
led the column, which was flanked
on either sidewalk by crowds of
Germans. There was much talk and
conjecture indulged in by the crowd.
Some of the expressions heard in-
dicated that by no means all of
Berlin would regard armed occupa-
tion by the Americans with pleasure.
The force of the march was all over
again.

WOMEN TO APPROVE
LEAGUE OF NATIONS.
THEY ALSO HAVE A CONSTRUCTIVE
SUGGESTION CONCERN-
ING EDUCATION.
By Constance Drexel.
PARIS, March 25.—While await-
ing the views on an appointment for
a hearing before the commission of
the League of Nations, for which a
request was sent last Saturday, the
women are busy formulating resolu-
tions which they will present to the
commission.

They have been studying the
covenant, as already stated to the
world, and in the main find it so
sound in principle that their main
resolution will be in hearty sup-
port of the work already done, favoring
an immediate application of the
principles of the League of Nations.
They also have a very constructive
suggestion concerning the educa-
tion of women, and the appointment of women,

have general supervision over hu-
man education.
Another important resolution will
deal with the bettering of conditions
of women and children in certain
Near East and Far East countries
where woman is subjected to the
far greater misery than the other
sex. Not wishing to embarrass the
functioning of the League of Na-
tions, however, the women will not
demand the inclusion of such na-
tions in the international society, but
to wake up as soon as possible.
A third important contribution
which the women will bring will be
a request for the extension of wom-
an suffrage. Here again their opin-
ions will be couched in milder terms
but they will point to the article in
the covenant of the League of Na-
tions which says only fully self-gov-
erned nations will be admitted to
membership. They will ask, how
can a nation be self-governed if half
its population has no voice in the
government?
The leaders in the movement to
bring the needs and opinions of the
women of the world before the
Peace Conference are still the wom-
en of the inter-Allied suffrage con-
ference. But an international coun-
cil of women has appeared on the
scene and will participate in the fu-
ture resolutions. Today a delegate
from Rumania, arrived in Paris, also
Frau Clara Tybjerg, from Copen-
hagen, go take part in the delibera-
tions. At the meeting, which was
quietly considering what was to be
urged.
One little woman, her blonde
youth accentuated by the black of
her mourning, caused quite a rum-
pus when she got up to declare: "I
gave my husband, but if I ever have
a son he shall not go."
LUMBER PRODUCTION SHORT.
WASHINGTON, March 25.—Lum-
ber production in the United States
during 1918 showed a decrease of
more than 2,000,000,000 feet under
the production of 1917. The forest
service of the Department of Agricul-
ture announced today. Reports received
by the bureau from 171 sawmills
placed the estimated 1918 cut at 12,
760,000,000 feet. In 1917 the total
production was 14,960,000,000 feet.
The decrease was general through-
out the country, the service stated.
It was largest in the Southern and
Eastern States, and least in the
Western States.

HALF BILLION DOLLAR CONTRACTS ABANDONED

(BY A. P. DAY WIRE.)

WASHINGTON, March 19.—Nearly \$500,000,000 worth of aircraft contracts had been abandoned up to March 19, according to an announcement today by the War Department.

The statement showed that on November 2, 628 de Havilland four planes had been put into service at the front and that 487 were in actual commission on that date. The total production had reached 3237.

MILDEST WINTER OF GENERATION REPORTED

(BY A. P. DAY WIRE.)

WASHINGTON, March 19.—There was more sunshine and less snow throughout most of the United States for the winter just passed than ever before in the memory of the present generation. In only one section of the country—the plateau region—was the weather severe and there low temperature records were established. Snow falling in November in the plateau region remained throughout the winter.

The ice crop appears to have been the only one to suffer because of the mildness of the winter. Lack of freezing temperatures resulted in navigation being open practically all winter on the rivers and lakes of the United States.

LIFT OFF CORNS!

Drop Freezeone on a touchy corn, then lift that corn off with fingers.

Doesn't hurt a bit! Drop a little Freezeone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! No humbug!

A tiny bottle of Freezeone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

LIKE DIFFERENT PERSON SHE SAYS

Mrs. Hart Gains Fifteen Pounds Taking Tanlac

Will Always Feel Grateful to It.

Says Results Have Been Marvelous.

"I look and feel, too, like another person since Tanlac made me so well and strong," said Mrs. H. Hart, 1327 West Fourteenth st., Los Angeles.

"For the past three or four years," she continued, "no matter how carefully I ate, I was about what I ate. I would be bothered with gas. I lost my appetite so that I was actually sorry when mealtime came around because I just had to force myself to eat enough to keep me going. My back had a constant pain in it and I didn't dare to try to lift anything heavy as the slightest strain would make me feel weak and nauseated. I was so nervous that I got very little rest at night and what sleeping I did was of little benefit, because I usually got up in the morning feeling tired and worn out. I was losing strength and vitality so fast that I was very much alarmed about myself when I began to take Tanlac last August.

"It certainly was a grand surprise to me the way this medicine began to help me right from the start. In a side of two weeks I had a fine appetite and it was kept improving gradually until I now eat just anything, and I sleep all night long like a child and get up in the morning feeling thoroughly rested and refreshed. Evidently Tanlac was the very medicine my system needed because it has rid me of every pain and ache and has added fifteen pounds to my weight. It is just simply marvelous to me that I have improved in strength and as long as I live I will be grateful to Tanlac for making it possible for me to enjoy my health again."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Co.

THE WEATHER.

(Official Report.)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, March 19.—(Reported by Fred A. Carpenter, Meteorologist.) At 5 o'clock a.m. the barometer registered 30.02; at 8 p.m., 30.05. Thermometer for the corresponding hours showed 53 deg. and 60 deg. Relative humidity, 8 a.m., 90 per cent.; 8 p.m., 70 per cent. Wind, 8 a.m., and velocity 3 miles; 8 p.m., southerly, velocity 10 miles. Highest temperature, 65 deg.; lowest, 50 deg. Rainfall for season, 8.25 inches; last season, 13.28 inches. Barometer reduced to sea level.

WEATHER CONDITIONS.—The tide of high pressure drifts southerly and the anticyclone area of low pressure slowly followed it. The former is now central over Massachusetts, and the latter is over Oklahoma. Another area of high pressure is generally over the Pacific coast. The weather in Los Angeles is generally clear and bright, with a few clouds in the morning and evening.

Maurice McLoughlin, Famed Racquet Manipulator, Defeats Le Roy on Opening Day

SURPRISES IN TENNIS PLAY.

Many Well-Known Players Bite the Dust in Coronado Tourney.

(EXCLUSIVE DISPATCH.)

CORONADO, March 25.—Surprises were the order of the day in the Coronado tennis tournament and a number of well-known players bit the dust in the course of the second round matches. Robert Leroy, runner up for the national singles championship several years ago, fell victim to Maurice McLoughlin, and his wife, runner up for the national doubles title two years ago, was defeated by Mrs. William M. Henry. Marshall Ketchum, Chicago Metropolitan champion in 1917, was beaten by Nat Brown.

The prize match of the day was that between the veteran Leroy and McLoughlin. Both players were manifestly out of practice but the points were remarkably well-contested and the superior placing of the older player served to give him the first set by a score of 7-5. McLoughlin then came back with a decided rush, capturing the second set 6-0 and the final set and match 6-3. Mrs. Leroy and Mrs. Henry indulged in a peculiar match in the morning, the eastern player getting an early start and having the game well in hand. With the score 5-1 against her, Mrs. Henry came to life and won twelve straight games, taking the match, 7-5, 6-0. In the afternoon Mrs. Henry played Miss Florence Sutton and was defeated 4-3, 4-3, after a very hard-fought match.

Nat Brown heaved a genuine surprise into the day's programme by trimming Marshall Ketchum in straight sets, 6-2, 6-2. Nat's forte has always been doubles, but when he goes away from home he occasionally tries his hand at singles with surprising results. His defeat of the

ing in his tennis. It is not believed that he will be compelled to have them cut out this trip. This is fortunate. A man hates to leave his tennis this far from home.

Zeb Terry was a visitor at Tournament Park. He wanted to see William Wrigley and ask the latter if there is anything in the report that he is going to start a whale dairy at Catalina. Zeb is in a peculiar position. One of the smallest athletes in baseball, he is slated to fill the shoes of Hans Wagner, one of the largest. Zeb believes that diet of whale milk might build him up to where the Pittsburgh fans would think he was Hans's brother.

I rode over to Tournament Park with James C. McGill, owner of the Indianapolis club. He was telling me some of his troubles. Theoretically he has a good ball team, but this team is not even on paper. Many

of the athletes have positively refused to sign. He was out to Vernon Park and attempted to locate Gus Williams. Gus could not be located. According to the best available information Gus has jumped to one of the steel leagues, where he will receive \$125 a month and a job, or half the amount offered him by McGill. McGill says he has found it far easier to sign men who have seen service overseas, apparently due to the fact that they have seen the roughest side of life, with the result that baseball looks pretty soft to them.

The Indianapolis magnate declares that expenses must be kept down if baseball is to continue. He says that three years ago in the American Association the gate receipts were not sufficient to cover salaries alone, and salaries are just about half the expense of a ball club.

"Figure it out for yourself," he said, "although it doesn't take much figuring to get the answer."

After the Cub workout, McGill was talking with Nick Carter. This recalled a baseball deal which brought unusual and unexpected results. McGill formerly had Carter, Aldridge and Kelly on his Indianapolis club. The Cubs bought all three of them, paying a lump sum of \$25,000. This was more or less of a gamble for Chicago, as is usually the case when fancy prices are paid for minor leaguers.

But it proved a dandy deal. Kelly was traded to Boston for Fred Mitchell and it took Mitchell just two years to convert the Cubs into a championship combination. Not only are Carter and Aldridge still with the Cubs, but it is hardly likely that the owners of the club would listen to a \$25,000 offer for Mitchell, who has proven himself one of the real miracle men of baseball.

TROJANS AND POLY TO CLASH.

Track Teams of Institutions to Meet Today.

Stars of California are to be Used Lightly.

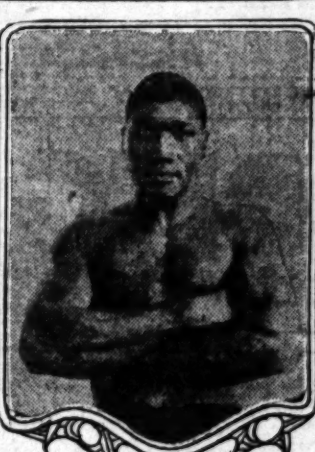

Cromwell Taking no Chances at this Date.

Dean Cromwell will send his U.S.C. babes against the Polytechnic track aggregation this afternoon on the Bovard Field oval. Although the event is listed as a freshman affair it will amount to a varsity practice meet since the Trojan varsity and freshman squads are practically one and the same thing. With a half-dozen exceptions, the U.S.C. team, which will compete against the Stanford speedsters Saturday is drawn from the first-year class at the Wesleyan institution.

Coach Cromwell expects to use his individual stars very lightly this afternoon. Paddock, Schiller and Hoffman in the sprints will appear in one event and no more. The Trojan mentor is taking no chances on overwork at this late date. Bushmeyer and Stuart will make single appearances in the hurdles and Whitcomb, Willett and McMillan will do the bit in the quarter. Graham, Cox, Keller and Seelman are the coaches.

The weight and field event men will be permitted to work just as hard as they know how against the Mechanics. Cromwell figures that the weight men in particular can stand plenty of heavy work on the eve of the struggle with the Cardinal forces.

Local fans are expecting a lively struggle between "Owl" Gannier, pride of the Trojan hurdling staff, and Rogers, the Stanford timber cooper. The latter showed his class as a member of the Ventura High

JENKINS EXPECTS TO RETURN SOON.

(BY A. P. NIGHT WIRE.)

CHICAGO, March 25.—Lieut. Joe Jenkins, catcher with the Chicago Americans, who has been in Germany with the Army of Occupation, expects to return to America April 1, according to latest word received by Charles A. Comiskey, president of the club. He will miss the start of the training trip, but will join the team in Texas.

PLEASED WITH SHOWING.

(EXCLUSIVE DISPATCH.)

BAKERSFIELD, March 25.—Quite a bit of good-natured rivalry over the result of the game was evidenced today as a result of the Yarnigan tenth inning victory over the regulars of the Seattle club, but Capt. Murphy was wearing a broad smile of satisfaction. The showing made by the men in the game, and the fact that none of them was a bit worse today, demonstrated to Murphy that all of the players are rounding into shape in quick order. Murphy was particularly well pleased with the way Walsh and Sunny Fabrique handled themselves on the diamond during the game and with the way they hit the ball against high-collared pitching. Walsh was hooking the ball up against the fence in the game at every trip to

the plate, and kept the good work up in practice today. Murphy was notified today that Manager Bill Clymer would be here tonight. He is bringing with him Pitcher Faulkenberg, who twirled for Indianapolis last season, and Catcher Grover Land of St. Paul. Clymer is confident that in three two men he has a battery the equal of any in the Coast League, and is coming here personally to look over the men.

It is probable that Clymer will start the wedding out process with in a very few days or as soon as he has had an opportunity to look all of the men over while in action. Although Murphy was not advised of any new men to be brought in, it was intimated that Clymer had at least two new ones to spring within a day or two.

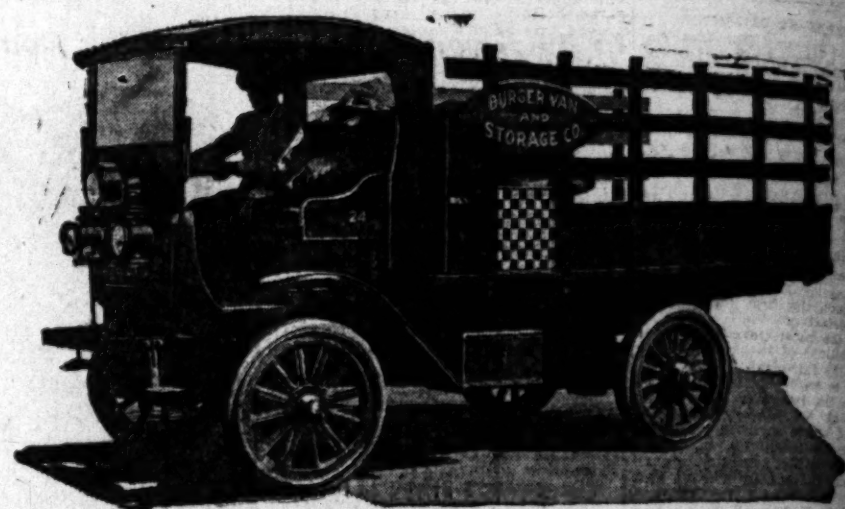

SUCCEEDS HIMSELF AS TEAM CAPTAIN.

(BY A. P. NIGHT WIRE.)

CHICAGO, March 25.—Paul S. Hinkle, captain and guard on the University of Chicago basketball team, will succeed himself as leader of the 1920 quintette. His election was unanimous. Hinkle is the first Chicago man in a decade to be honored with two successive captaincies of the same team. The Maroon finished second in the Western Conference race, winning ten out of twelve games.

ITALIANS DINE SPEED KING.

Ralph de Palma and his chaperon, Frank Kane, left Los Angeles last night for San Francisco, via Santa Barbara, in a Packard sedan. Their departure was slightly delayed by the fact that they were having such a good time at a banquet given De Palma by the Italian colony that they hated to leave. The affair was held at the Monaco's and was attended by almost 100 prominent Italians. It was an informal affair, at which F. M. Andreani acted as toastmaster and Messrs. De Palma and Kane took occasion to thank the drivers' fellow-countrymen for their most hearty welcome. De Palma, after short stops at San Francisco and Denver, will continue to Detroit, where he will complete the preparation of his road racing car for the Indianapolis 500-mile race which is to be held May 31.

Following the above tilt, the hussies of the "Y" and the club took the floor, and after few minutes warming up and sharpening the "ole eye," the battle was on. It looked like old times to see the familiar faces of "Red" Wilson, probably one of the best-known athletes of Southern California, in action for the club. The final reckoning was: L.A.A.C., 50, and Y.M.C.A., 24.

"Skeeter" Swann, crack forward of the victorious five, was the hero of the fracas. Time after time he tossed the ball from almost impossible positions through the basket. In fact, all the members of the team rendered a good account of themselves. Wilson, Olney, Cooper and Slaughter put up a fighting game and therein lies the story of the game. Both Cooper and Olney proved a good combination for both throwing baskets and heaving the pellet to the forwards. Swann went through the game without making a bobble of a free throw. For the "Y" five Anderson and LaLonde were the stars.

SHOEMAKER WINS BILLIARD TITLE.

(BY A. P. NIGHT WIRE.) NEW YORK, March 25.—J. Howard Shoemaker of the New York Athletic Club won the national amateur pocket-billiards title tonight by defeating William Tilt of the Calumet Club of this city, 125 to 25, in the play-off of the first place at the Orpheum this week, the championship which ended here Saturday.

VERNON BOXING BOUTS ARE FAST

came Joe Brown and Sailor Krammer and it was a bad night indeed for the Jack tar. The latter appeared to be suffering from sleeping sickness in the first three rounds for he was nothing more than a flaccid delight for Brownie, who patted him good and often. It was expected that the marine would do better in the finale but after a short flash he resumed his receiver generalship and finished the round with his face smeared in every color the rainbow is guilty of. It was Brown first, last and all the time.

Al McManus and George Moss furnished the comedy for the evening. Al continually did a dance of the gobins, plunking his heavy, slow opponent here and there everywhere. Moss struck out seven times in the first inning. After that he resorted frequently to the pive blow, landing several times very close to Dustin Farnum's coign of vantage. Al finally hit Moss down where the Y-bones rest and this slowed the latter up to a walk, if that were possible. Al frashopped himself into the verdict amid hilarious guffaws.

The real scrap of the evening came just after Frank Keenan made an appeal to the crowd for a Salvation Army donation. When the silver had ceased to jingle merrily on to the canvas, Leach Cross jumped into the ring and gave Keenan a \$100 check. Doyle went him one better with \$200 and then on both of these worthies with a \$500 donation. The amount collected reached over \$1200.

POLY PROSPECTS LOOK VERY BRIGHT.

Prospects for a championship prep baseball team this year at Polytechnic High School are exceptionally bright. The first call for men for the 1919 squad brought out nine veterans, several experienced players from other schools, and a number of promising youngsters.

Poly has always turned out a strong diamond aggregation and this year, judging from the material on hand, they will not be found lacking. Practice has already been started, and the men are fast rounding into good playing form. Some of the players who are giving a good account of themselves in practice are:

A Slight Demonstration of the Strength of the Weaker Sex. Here we have Miss Lura Bennett giving Prof. Ito the rasmata as a little demonstration of the fact that it is possible to be shapely and strong at the same time. Miss Bennett and her two sisters, who are appearing at the Orpheum this week, took advantage of the fact that Tuesday was ladies' day at the Los Angeles Athletic Club to go up there and box and wrestle.

FAIR WRESTLERS DISPLAY SKILL.

Make Splendid Showing Against Prof. Ito. Japanese Judo Champion has Real Workout.

Girls Also Experts at Boxing and Fencing.

Prof. Ito, world's judo champion and likewise a bear at catch-as-catch-can, had a new experience yesterday at the Los Angeles Athletic Club. He wrestled with two ladies—one at a time, to be sure. The struggle held was barred and he emerged alive, better prepared to meet Ted Thye April 3. The female grapplers, Misses Aila and Lura Bennett, know the game, even to many of the tricks of Jiu-Jitsu. Each of them made it lively for the Japanese expert. The unique contests were held in the gymnasium. There was a number of feminine spectators.

The professor, being gallant, was inclined to be gentle at first; he didn't take the thing seriously. Seemed to think that if he used any of his strength his adversary would go to smash, like a wax doll or a candy cane.

When Miss Lura swiftly and easily picked up the honorable heavyweight and tossed him upon her shoulder like a bag of hops he began to take notice. He realized that he had a trained athlete to deal with and got busier. Ditto the girl. There was a scramble of judo, catch-as-catch-can and judo that made the few old timers who chanced to be in the gym gasp. It was a real match. There was no referee, consequently no decision. Ito had a real workout.

No such wrestling had ever been seen in this town and it is not likely to be repeated. It was the result of a meeting in Cuba several years ago between the young ladies and Ito's chum, who made them promise that should they ever come to California they would look up the professor. They did so and a reception on the mat was arranged for.

These ladies and their sister, Miss Mame, are not only wrestlers but fencers and boxers. Miss Lura put on the gloves and gave a splendid account of herself in a fast round with Ad. Geyer, one of the Athletic Club's handy fist men. The brilliant athletes are at the Orpheum this week.

Ito is training hard for his battle with Thye, which will also be unlike anything ever staged. Thye, a wonder of the toughest sort at catch-as-catch-can, is no slouch at Jiu-Jitsu, and those who think Ito doesn't know anything about the American form of wrestling are sadly mistaken.

Few Changes of Position in Toledo Tourney.

(BY A. P. NIGHT WIRE.)

TOLEDO (O.) March 25.—Detroit day in the alleys in the American Bowling Congress tournament here today was characterized by low scores and the failure of another champion to run up to the form that won him the title a year ago.

C. J. Styles, the Detroit bowler who won the individual championship at Cincinnati in 1918 with a score of 702 for his three games, performed here today and collected but 533 pins. Styles also failed to produce anything in his share of the two-men event.

Only two positions in the two-men standings of first ten changed ownership. L. Hand and A. Dingwell of Detroit finishing in sixth place with a team score of 1245. The pair had a chance to take first place, but missed several easy spares in the last game.

BUSINESS AND FINANCIAL.

BY CHAPMAN HALL.

The "Made-in-Los Angeles" parade, which filled through crowded streets for two hours yesterday afternoon, was an eye opener, even to manufacturers and dealers themselves. They didn't know how great they had grown. As mile after mile of home-made exhibits rolled by the whole business district instinctively puffed out its chest, and threw back its shoulders. During the progress of the parade general business was practically at a standstill, and those not in the line of march crowded the

curbs and applauded the splendid exposition.

State Market Director Weinstein returned north last evening after a fruitless attempt to settle the fishermen's strike. At the Los Angeles time last evening it was stated that so far as the State officials are concerned, the case is made up, and the fishermen will either go to work on the terms laid down or they will continue to strike on their own responsibility. It is claimed that the plan objected to, that of fixing the daily price after the catch is in, has been working the northern port with complete satisfaction, both to the producer and the consumer. The fishermen are being exploited, and Deputy Roscoe, many of them would like to work, but do not dare. At that the tie-up is not 100 per cent. The fishermen for consideration is being received at Redondo, and the Catalina fishermen are busy, while supplies enough are being received from outside to reasonably satisfy the local market. There have been no changes in price this morning and probably will be none until conditions are more settled.

Los Angeles bankers and bond men are active in the loan campaign. They are beginning to shape their business affairs so that the three weeks of the drive may be free to devote to the work of raising millions for Uncle Sam. H. Moulton will again be in charge of the city campaign; W. H. Hunsenwill will have county organization; D. T. Babcock will look out for the "dues" and others down a long list are preparing to jump wholeheartedly into the great "clean-up" effort. The opening gun will be fired on Saturday, when H. S. McKee, the chairman of the Southern California State Central Committee, addresses the bank group within his jurisdiction. Preliminary work preparatory to the building secured for headquarters, 722 South Hill street, is being installed, and early start will be at work there within a few days.

In spite of the slowing down incident to the approach of the federal riot the Los Angeles bond houses have enjoyed three months of unprecedented business and are preparing for a continuation of the record-breaking as soon as the government requirements have been met. At the Blankenhorn, Hunter, Dulin Company, in the Los Angeles Trust Building, office space has been expanded until eight large rooms are now used, with several more under negotiations. All of these parties served in the federal riot, and several members of their sales staff were the khaki. Among the latest to return to his desk is Charles Stinson, who saw active service as first lieutenant of heavy artillery. Stinson is a member of an old Los Angeles family, and his return to business and social life is being made much of. This firm is preparing to open offices in Chicago and San Francisco, and as an example of the eager demand for high-class securities, served notice yesterday that the portion of the Rolph ship-building plant offered locally had been sold, and the balance of the plant secured to meet the demand. This is true of practically every offering. Blyth, Witter & Co., also in the Trust Building, have been in a continuous state of upset since the first of the year in a losing battle to absorb floor space enough to keep up with the growing pains of the business, while R. H. Moulton & Co., in the Title Insurance and Trust Building, have abandoned their former offices for double the space across the hall. The bond market has no conditions, present or prospective, and they refuse to become excited over the cover of the Victory Loan. At the office of the National City Company the same attitude is held. A million-dollar issue of Minneapolis municipals were to be offered yesterday at 9 a. m. central time. At 10:15 the issue was gone, and as 10:15 equals 1:15 in Los Angeles, local investors did not have much chance to participate.

From all over the country comes word of relief being afforded public utilities in increased rates. Several important California applications are now under consideration. The Federal Reserve Bank has announced that, at the option of the holder, it will redeem immediately at par and interest United States 4 1/2 per cent. certificates of indebtedness dated December 5, 1918, and due May 4, 1919.

Interest on the local stock exchange yesterday centered in the reported decision of the directors of the General Petroleum Company to make a new 10 per cent stock distribution at par. This sent the price up to 145.50. The rumor also persisted that General is flirting with National Pacific and that stock was up and coming around 7 1/2 cents. Southern California Edison, preferred, sold at par. Union was deferred, sold at 125.00 to 125.50. There was scarcely a weak spot in the list, and especially was there confidence in local securities, indicating a most satisfactory condition of affairs in the Los Angeles district.

Dr. John Willis Bear, county director of sales for treasury certificates, announces that the Twelfth Federal Reserve District as a whole over-subscribed its quota to the series of treasury certificates of March 11, although on all the issues the district is short \$4,450,000. The Treasury Department, owing to the large subscriptions to this issue, in continuation with receipts from sale of tax certificates, has postponed the offering of short-term treasury certificates until April 3 or 10.

There was no change yesterday in the butter market, the price on the produce exchange remaining 61 1/2 cents to retail dealers. Eggs advanced 2 cents, fresh extras now selling 47 1/2 to 48 1/2 cents. The dairy situation continues to puzzle, but there is a persistent belief that a lower level will soon reveal itself.

SENDS FEE TO ASSIST WIDOW.

Man Taken with Murderer of Officer Gives Mite to Help Bereaved.

Louis & Norman of Torrance, who was arrested with Bert Williams, the slayer of Police Detective Patrick Downey, yesterday sent a letter to Captain of Detective George K. Home, enclosing a check for \$4.85, which he requested be turned over to the dead officer's widow.

In the letter, Norman, who was released some time ago, thanked the police for their kind treatment, and stated that the check was the amount given him by the county as a witness against Williams. He stated that he did not want the money and wished it to go to the officer's widow.

VINDICATION OF WOMAN LAWYER

Correspondent in Divorce Case Given Ovation.

Testimony of Detectives is Ignored by Court.

Holland Suit Ends in Victory for the Attorney.

The sensational Holland divorce case came to a close yesterday afternoon with a complete vindication for Miss Ivy Angier, a member of the bar, charged by Mrs. Louise D. Holland with misconduct with her husband, F. C. Holland, wealthy attorney.

Judge Crail, in giving judgment for Mr. Holland, declared:

"There are two places where the alleged adultery was said to have been committed. One was in a hotel and one at Universal City. There was no evidence except the testimony of the detectives, who admitted that they were employed on a contingent contract; that they were to receive \$500 in case they succeeded in producing sufficient witnesses to win the case. There was evidence of impartial witnesses that made it very clear that no adultery was committed."

"It has been very clear, after hearing all testimony in this case, that it was a cruel injustice to Miss Angier, ever to have put her name in this case."

Mrs. Holland walked quickly to the bench, and stepping close to Judge Crail, exclaimed:

"You did me a cruel injustice. It wasn't so the case any good to talk to me," replied the judge, busy with some papers.

"The case is settled, but I would like to speak to you," continued Mrs. Holland. A relative came up at that time, and led Mrs. Holland away.

In the corridor, Miss Angier received an ovation. Her friends, who have stood by her during the trial, surrounded her, wrung her hands and congratulated her. Miss Angier's nerves almost gave way, but she restrained herself, she exclaimed: "I am so glad that I was vindicated."

The defense was represented by Attorneys Hunter, Woodruff and Evans.

CONDUCTOR FIRED AT.

Mystery Surrounds Attempt to Kill Man on Yellow Car.

Mystery surrounds the firing of a bullet at Conductor E. T. Barnes in charge of Hawthorne car No. 148 of the Los Angeles Railway last night, while it was passing Commercial street, Inglewood. The railway dispatcher immediately notified the sheriff's office, but inquiries could find no trace of the man who fired the shot. According to Barnes and Motorman Glenn, the bullet passed within a few inches of a passenger's head.

The Point of Contact

In taking out a life insurance policy on your home and your family, the responsibility and the ability of the agent with whom you deal directly, is an important consideration. We will be glad to have you investigate our standing.

LYMAN GAGE FOR NATIONS' LEAGUE

Says Men Formulating Pact are World's Leaders.

Even Critics of Covenant Get Hearing, He Declares.

Ex-Treasury Head Also Talks on Japanese Situation.

Lyman J. Gage of San Diego, who was Secretary of the Treasury under President McKinley, yesterday declared himself strongly in favor of a League of Nations, and firm in the belief that the statesmen who are now engaged in formulating plans for such a league are probably the most capable men in the world for such an undertaking.

"A League of Nations which has in it the probability of averting wars, or making them improbable, is a highly desirable thing," he said last night at the Van Nuys Hotel, where he is a guest for a few days. "There is no doubt that there is a consensus of opinion as to the desirability of such a league. It must be formed by representatives of leading nations which can control the situation. The members of such a body must be possessed of large historical knowledge. They must be acquainted to a great degree with the various national aspirations, reconstructions and prejudices. The members must be high-minded and determined to accomplish the general end in view."

"A League of Nations which has in it the probability of averting wars, or making them improbable, is a highly desirable thing," he said last night at the Van Nuys Hotel, where he is a guest for a few days. "There is no doubt that there is a consensus of opinion as to the desirability of such a league. It must be formed by representatives of leading nations which can control the situation. The members of such a body must be possessed of large historical knowledge. They must be acquainted to a great degree with the various national aspirations, reconstructions and prejudices. The members must be high-minded and determined to accomplish the general end in view."

Lyman J. Gage of San Diego, who was Secretary of the Treasury under President McKinley, yesterday declared himself strongly in favor of a League of Nations, and firm in the belief that the statesmen who are now engaged in formulating plans for such a league are probably the most capable men in the world for such an undertaking.

MAY SUSPEND WOODMAN.

Majority of Council Favor Stephens as Acting Mayor in Such Event.

(Continued from First Page.)

ly three years as Mayor. All of you have known me during this time, and know that my every action has been open above-board, and absolutely above reproach or question. I have handled and controlled millions of dollars of public money, with honor to myself and to the public benefit. But not an accusation of asking and receiving a small sum of money as a bribe, to permit and protect the gambling and prostitution.

And who are my accusers? Denizens of the underworld, gamblers, and men living on the proceeds of prostitution. It is therefore within the discretion of your honorable body whether you suspend me from this office or not.

I have labored long and faithfully for the city. I have the public interest at heart. I am familiar with every detail of the city's business. I have the confidence of the people. I am therefore within the discretion of your honorable body whether you suspend me from this office or not.

Will the City Council, in view of all these facts, show consideration for the public interest, and suspend me from this office? I am therefore within the discretion of your honorable body whether you suspend me from this office or not.

From time to time I have issued orders to you to exert every effort to stamp out gambling, and have invariably impressed upon you that these orders were without reservation or equivocation, and meant just what they purported to mean.

I again reiterate these instructions to stamp out gambling and other vice at all hazards, that there is not and will not be any compromise between this department and vice in any form, and you are further instructed to arrest and prosecute any person found posing or representing himself as an agent of the city.

There will be no let-up on the part of the city in the enforcement of these instructions heretofore given. There will be no let-up on the part of the city in the enforcement of these instructions heretofore given.

Respectfully, J. L. BUTLER, Chief of Police.

For your attention to the orders issued by the Chief of Police in regard to the enforcement of these instructions heretofore given, I am, Sir, very respectfully, your obedient servant.

City Attorney Stephens says he will accept the position. Mayor Woodman, a delegation of members of the City Council visited Mayor Woodman's office yesterday and indicated that unless the Mayor asked for his resignation, the Council would act on it.

EDUCATOR HITS YELLOW PRESS.

In Class with the Bolsheviks, Says Dr. Baer.

Anti-English Papers do Work of the Devil.

Salvation Army Work Lauded at Luncheon.

Denouncing the I.W.W. and the Bolsheviks in terms that aroused his hearers to enthusiastic applause, and praising the Salvation Army as one of the greatest economic institutions in America, Dr. John Willie Baer addressed the team captains and workers who are conducting the Salvation Army's home service campaign at a luncheon at the Alexander Hotel yesterday.

The former president of Occidental College read a "Barnum of hate" from a radical publication which, he said, had been sent him from Seattle, the scene of the recent strike disturbances. The words parodied "Onward Christian Soldiers," and were unfit to print, he said, when he had finished, he said:

"I say to hell with such stuff. We business and professional men who are gathered here to discuss the cause of the Salvation Army are in duty bound to support the institution that is doing more than any other organization in the country to dispel industrial unrest and to help the down-and-outers and the class from which the radicals are recruited to better their condition and realize they are taking Willie Baer conditions from a distorted viewpoint."

In the same class with the I.W.W. and the Bolsheviks, Dr. Baer placed the yellow journalists, who are trying to stir up discord and enmity between America and Great Britain. He said:

"When I see the uniform with the maple leaf of Canada, or the British uniform, I cannot keep my hand from snapping to my forehead in salute and my heart is thrilled with the thought that our brothers in these uniforms should be made to realize that America and the resources of Uncle Sam are behind them and one with them in the cause of humanity. The man who endeavors to stir up ill feeling between ourselves and these men, whether he does it with a gun or with the editorial pen, is doing the work of the devil."

Dr. Baer did not mention Baer by name in the connection, but his hearers had no trouble in understanding the allusion.

Under the direction of Chairman Harry M. Haldeman, part of the team captains reported the result of their first day's soliciting among industrial contributors. Mr. Haldeman said the first day's results were unsatisfactory, but might be excused on account of the fact that practically all of the business concerns in the city have been occupied with the Industrial Day parade.

He directed the workers to exhaust their energies during the remainder of the drive and told them the entire sum of \$255,000 must be subscribed or contributed by Saturday night.

ARE DIVORCED AFTER THIRTY-SIX YEARS.

HOLLYWOOD AUTO MAN MAKES PROPERTY SETTLEMENT IN LARGE SUM.

A marriage of thirty-six years went on the rocks in Judge Crail's court yesterday when Mrs. Lura A. Walden was granted a divorce from Alton A. Walden, a Hollywood automobile man.

"He said he was going away," she told the court. "He has refused to see me."

Pressed for a reason why Mr. Walden should leave in this summary manner, Mrs. Walden hesitatingly replied:

"I couldn't swear to it," was the reply. "He denied it, and I was told. A property settlement aggregating \$25,000 was approved by the court."

THIS MOTHER AND DAUGHTER

Both Made Well by Lydia E. Pinkham's Vegetable Compound.

Steele, Ala.—"During the Change of Life I had hot flashes, was nervous, ran down, and had sick headaches for two or three days at a time. I took Lydia E. Pinkham's Vegetable Compound and was much stronger and better in every way than I was. My daughter's health broke down last June from teaching school without a rest, and she has taken Lydia E. Pinkham's Vegetable Compound and the Blood Medicine with good results. She is much better and teaching now and I give you medicine the price of a box of the Compound. Use this letter for the benefit of other suffering women."—Mrs. F. A. GAINES, R. R. No. 1, Steele, Ala.

Women who suffer as Mrs. Gaines did should not hesitate to give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, as the evidence that is constantly being published from beyond question that this grand old remedy has relieved much suffering among women.
